## About Mahd Trade

We are an independent Omani trading company with a global footprint, dedicated to the physical trade, supply, and distribution of petroleum and energy products. From our headquarters in Oman, we manage a network spanning the Middle East, Africa, Europe, and Asia, providing expert sourcing, marketing, and logistics for a diverse portfolio including crude oil, refined products (e.g., Diesel EN590, Jet A-1), liquefied gases (LPG, LNG), building products (Cement origin Algeria) and Agri-food

## Available Products

**MAHD TRADE** is a diversified industrial giant, operating across three core sectors. Its petroleum products include Diesel, Jet A1, and Crude oil, powering transportation and infrastructure. In construction, its cement division provides high-quality Portland and specialty cements origin Algeria, essential for building resilient structures. Finally, its agricultural products encompass Sugar, Soybeans. Together, these product lines form an integrated portfolio that fuels economies, builds vital infrastructure, and supports global agriculture, demonstrating a commitment to development and sustainability.
